

src/server/NetworkManager.hpp

```
graph BT; NMhpp[src/server/NetworkManager.hpp]; NMcpp[src/server/NetworkManager.cpp]; maincpp[src/server/main.cpp]; NMcpp --> NMhpp; maincpp --> NMhpp;
```

The diagram illustrates the dependencies of the header file `src/server/NetworkManager.hpp`. It is represented by a gray rectangular box at the top. Below it are two white rectangular boxes: `src/server/NetworkManager.cpp` on the left and `src/server/main.cpp` on the right. Two blue arrows point from the bottom of each of these lower boxes up to the bottom edge of the `src/server/NetworkManager.hpp` box, indicating that both source files depend on this header.

src/server/NetworkManager.cpp

src/server/main.cpp
