

ECS::GetComponent

ECS::GetComponent

StorageComponent::get

```
graph LR; A[ECS::GetComponent] --> C[StorageComponent::get]; B[ECS::GetComponent] --> C;
```

The diagram illustrates a mapping from two ECS methods to a single StorageComponent method. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'ECS::GetComponent' and the bottom box contains the text 'ECS::GetComponent'. On the right, there is a single gray rectangular box containing the text 'StorageComponent::get'. Two blue arrows originate from the right side of the top white box and the right side of the bottom white box, both pointing towards the left side of the gray box.
